LEMON GROVE CITY COUNCIL STAFF REPORT

Item No. 9

Mtg. Date March 6, 2018

Item Title: **ORDINANCE ADDING CHAPTER 2.36 (PLANNING COMMISSION) TO THE LEMON GROVE MUNICIPAL CODE**

Staff Contacts: Lydia Romero, City Manager

James P Lough, City Attorney

Background:

On December 5, 2017, the City Council gave direction to Staff to bring back legislation to reinstitute the Planning Commission. Currently, the City Council is the official “planning agency” of the City. State Planning Law allows the Council to establish a Planning Commission to hear appeals of land use matters and to recommend changes in the General Plan to the City Council. Once effective, this Ordinance allows the City Council to appoint five citizens of the community to serve as unpaid volunteers for staggered terms of office.

On January 16, 2018, the Council discussed a proposed ordinance to reinstate the Planning Commission. At that time, the City Council gave direction and asked the return to the Council on February 20, 2018.

On February 20, 2018, the City Council introduced Ordinance No. 448, which was based on Attachment C with an addition from the previous code language regarding the ability of the City Council to compensate Planning Commissioners on a per meeting basis.

Analysis:

Ordinance No. 448 adds a new Chapter to the Lemon Grove Municipal Code. Chapter 2.36 (Planning Commission) reestablishes a Planning Commission to hear land use and planning matters on appeal from a staff determination or as the first approval body. LGMC Chapter 17 will need to be amended to provide for this additional land use process.

Creation and Appointment:

Section 2.36.010 creates the Planning Commission as the “planning agency” authorized by state law. It is recommended that the Commission have five members, which is the minimum allowed by law. The Council is required to make the appointment of members who are registered voters and residents in the City of Lemon Grove.

Terms of Office:

The initial appointments will be for staggered terms so that no more than two commissioner terms will expire in the same year. Section 2.36.030 sets the term of office at four years, expiring on June 30th. Initially, two Commissioners will be appointed for a four-year term. The other three commissioners will be appointed for one, two and three-year initial terms. The Council can adjust the terms so that at least one commissioner term expires at the end of each fiscal year.

Attachment A

Thereafter, all commissioners will serve full four-year terms. Vacancies prior to the expiration of a term can be made by the Council to fill the remainder of the unexpired term. If an appointment is not made prior to the expiration of a term of office, the officeholder will serve until her successor is appointed and qualified.

Ethics:

Each Commissioner must be a resident and registered voter in the City of Lemon Grove. Within thirty days of assuming office, commissioners must file a full Conflict of Interest Form (Form 700) for the California Fair Political Practices Commission ("FPPC"). Thereafter, they must file an annual update 700 Form. If they have a conflict of interest under the FPPC rules, they must abstain from any participation in the conflicted item. Campaign contributions to appointed Planning Commissioners trigger the conflict rules. Common law conflict ("bias") rules apply to commissioners as do the anti-contracting rules under Government Code Section 1090. The commissioners cannot hold another office where the duties are incompatible with the office of Planning Commissioner. In the past, the California Attorney General has opined that a sitting school board member with overlapping jurisdictional boundaries cannot simultaneously serve as a Planning Commissioner. The same restriction would likely apply to a sitting Board Member of the local water district.

Powers and Duties:

The Planning Commission, under state law, is the City's planning agency. The Government Code places the following responsibilities on a Planning Commission:

65103. Each planning agency shall perform all of the following functions:

- (a) Prepare, periodically review, and revise, as necessary, the general plan.
- (b) Implement the general plan through actions including, but not limited to, the administration of specific plans and zoning and subdivision ordinances.
- (c) Annually review the capital improvement program of the city or county and the local public works projects of other local agencies for their consistency with the general plan, pursuant to Article 7 (commencing with Section 65400).
- (d) Endeavor to promote public interest in, comment on, and understanding of the general plan, and regulations relating to it.
- (e) Consult and advise with public officials and agencies, public utility companies, civic, educational, professional, and other organizations, and citizens generally concerning implementation of the general plan.
- (f) Promote the coordination of local plans and programs with the plans and programs of other public agencies.
- (g) Perform other functions as the legislative body provides, including conducting studies and preparing plans other than those required or authorized by this title.

Typically, a Planning Commission reviews land use legislation and makes recommendations to City Council for policy and development projects such as zoning ordinances, both text and map changes, General and Specific Plan amendments and major subdivisions with five lots or units or more. For some quasi-judicial matters, such as Temporary or Minor Use Permits, it is the

Attachment A

approving body for the City. At present, hearings for Conditional Use Permits and Variances are heard by the City Council. Once the Planning Commission is established these hearings will first be conducted by the Planning Commission with the ability to appeal to the City Council. The rest will automatically be sent to the City Council with the Planning Commission adopting a Council recommendation rather than a final decision.

The language of the proposed Section 2.36.060 states that the Planning Commission hears all appealable decisions as follows:

Notwithstanding any other provision to the contrary, the Planning Commission shall be the initial appeal body for all appealable staff decisions under Lemon Grove Municipal Code Titles 15 (Buildings and Construction), 16 (Subdivisions), 17 (Zoning) and 18 (Citywide Regulations).

This Ordinance applies general rules to the appellate process.

The City Council will need to decide if the Planning Commission should hear land use and planning matters on appeal from a staff determination, as the first approval body (e.g., Planned Development Permits, Conditional Use Permits, Variances) with appeal rights to the City Council and/or as a recommending body to the City Council (e.g., Zoning Ordinance and General Plan Amendments and Tentative Maps). Title 17 is required to be amended to reestablish previous Planning Commission responsibilities.

Staff will provide an overview of options for Planning Commission responsibilities and authority and staff recommendations for City Council to review and consider updating Title 17 appropriately. These options will include Development Services Director, Planning Commission and City Council reviews, recommendations and/or decisions on appeals, revocations, planning permits, General and Specific Plan and Zoning Ordinance Amendments, the General Plan Annual Progress Report and the Capital Improvement Program. Amnesty for permits in process and the functions of the Community Advisory Commission will also be considered. Because Measure “V” was adopted when there was no Planning Commission, the Planning Commission will not hear applications for Conditional Use Permits or Zoning Clearances or Appeals under the initiative.

Organization and Administrative Issues:

Ordinance No. 448 establishes governance procedures that require the Commission to follow applicable state planning procedures and open meeting rules. The Government Code provides some guidance for the operation of the Commission. LGMC Section 2.36.080 allows the Commission to adopt its own operating procedure. If they do not adopt a rule to cover a particular

Attachment A

situation, it can rely on the City Council rules in Title 2 of the LGMC. Any rules the Planning Commission adopts must be consistent with the LGMC and State law.

With the addition to the language of the Ordinance at Introduction, the City Council may adopt a per meeting stipend for the Planning Commissioners. Also, training costs and expenses may be paid only if authorized by the City Council.

Commissioners will vacate their office if they have three consecutive unexcused absences. (LGMC Section 2.36.090.) A forfeiture of office will be filled by the Council using the normal appointment process to fill the unexpired term.

Section 2.36.100 sets decorum rules. In absence of a vote of the Commission, the Chair will have the authority to control the meeting if they do so in a manner consistent with law.

Lemon Grove relocation appeals board:

Each jurisdiction with the power of eminent domain must have an appeals board that allows a displaced property owner to challenge the amount of relocation benefits paid by the jurisdiction (City). The only times this procedure was ever used in Lemon Grove was by the former Redevelopment Agency for the realignment and the Home Depot projects. It is extremely unlikely that the City will ever need to use this procedure. However, the relocation appeals procedures should be put in place to comply with law if it is ever needed.

Environmental Impact:

This Ordinance is not a project as defined under the California Environmental Quality Act. There are no physical changes made to the environment by this Agenda item.

Costs

Staff will bring back a budget amendment at mid-year budget. |

Conclusion:

Staff recommends that the City Council adopt Ordinance No. 448 by title. Further, that the City Council authorize publication of a summary of the Ordinance in a newspaper of general circulation.
